PREFACE

This bulletin contains an index of streamflow stations operated by the Division of Water Resources during the period of October 1965 to September 1966; the data collected; and lists of basins in which measurements were taken during 1963 and 1964.

The data supplement that contained in "Surface Water Data" published by the Water Survey of Canada, Department of Energy, Mines and Resources. Streamflow data collected by the River Basin Research Branch for Representative River Basin studies are not included, they will be published with reports on the basins.

Enquiries concerning the data contained herein should be made to the Supervisor of the Hydrologic Data Branch.
